

High zoom ratio EF-S lens with Image Stabilizer

Versatile 'all-in-one' lens suitable for a variety of situations. Compact and lightweight, this new lens covers a wide range of focal lengths from wide angle to telephoto. Canon's superior Image Stabilizer has the effect of reducing camera shake by approximately 4-shutter speed steps.

Key Features

Versatile

- High zoom ratio (approx 11x zoom)
- Lightweight & compact
- Compact body with zoom ring lock mechanism

Overcome camera shake

- Image Stabilization effect with approximately 4-shutter speed step correction capability
- Image Stabilizer mode for camera shake compensation automatically switches on during panning

Environmentally friendly

- Environmentally friendly lead-free glass in optical system

Sharper & more precise images

- UD glass and high-precision aspheric lenses correct aberrations
- Circular aperture diaphragm allowing striking background blur effects
- Minimal flare and ghosting
- High-Speed AF via high-speed CPU and optimized AF algorithm

Accessories

- Lens Hood (EW-78D)
- Lens Case LP1116
- Lens Cap E-72
- Lens Dust Cap E

Focal Length & Max Aperture

18-200mm 1:3.5-5.6

Picture Size

APS-C

Filter Diameter

72mm

Lens Construction

16 elements in 12 groups

Minimum Aperture

f/22-36

Closest Focusing Distance

0.45m

Focus Drive

Gear driven by DC motor

Dimensions

78.6mm x 102mm

Weight

595g

Canon's world renowned EF lens range offers infinite choices and features for any project and any budget. With over 60 lenses ranging from fish-eye to super telephoto, with both fixed-length and zoom lenses to fit any photographer's needs, EF lenses have proven their worth in every photographic context.
